🤇 Küçükyalı, İstanbul, Türkiye

## **EDUCATION**

**Istinye University** Industrial Engineering / Bachelor's Degree 2021 - 2026 GPA: 2.67

## **LANGUAGES**

• Turkish Native

Enalish

Upper

intermediate

#### **ABOUT**

I am a dedicated and enthusiastic individual with a strong interest in industrial engineering and a commitment to continuous learning and improvement. My involvement in the Quantum Dynamics club has provided me with valuable leadership experience and enhanced my teamwork and communication skills. I am passionate about leveraging my technical skills in MySQL, SolidWorks, and Python to tackle real-world challenges in the field of industrial engineering. With a detail-oriented approach and a drive for excellence, I am eager to contribute to projects that make a meaningful impact and further my professional growth.

#### **TECHNICAL SKILLS**

- Proficient in MySQL, SolidWorks, and Python
- Strong understanding of database management, CAD design, and programming concepts
- Familiarity with industrial engineering principles and methodologies

## **SOFT SKILLS**

- Detail-oriented with a focus on delivering high-quality work within deadlines
- Adaptability and eagerness to learn new technologies and methodologies
- Strong analytical and problem-solving skills, demonstrated through academic projects and practical experience
- Effective communication and teamwork abilities, honed through leadership roles in Quantum Dynamics club

#### **EXPERIENCE**

## MANAGEMENT BOARD MEMBER (VOLUNTEER)

Quantum Dynamics - Istinye University

#### Responsibilities:

- Contributing to decision-making processes and strategic planning for club activities
- Facilitating communication between club members and external stakeholders
- Developing and implementing innovative ideas to promote the club's objectives
- Collaborating with club members to organize and coordinate events related to quantum dynamics
